## Product information **Cyber Defence**

The Internet offers many benefits to businesses, such as the ability to remotely control machines. However, these same benefits also carry a high risk potential, which can include anonymous cyber-attacks on your company's IT network.

In the event of a cyber incident, you are fully covered with DUAL's cyber policy.

It doesn't matter whether you are affected by a targeted (hackers deliberately attack your business) or non-targeted cyber event.

### Highlights

- Worldwide insurance cover
- 36-month extended reporting period
- Coverage for non-targeted cyber attacks
- No obligation to prove the occurrence of the insured event
- Waiver of cancellation by the insurer in the event of a claim
- Insurance solutions for companies in the financial services sector
- Unlimited cover for ransomware-related losses
